

**PV-IPEC Spring Semester IPE Clinical Day
[TO ERR IS HUMAN MOVIE]
Mercy Medical Center
Deliso Conference Center - Medical Staff
Room**

299 Carew Street, Springfield, MA

April 14, 2020

Session #2: 10:30 – 12:00 PM

(Please arrive at least 15 minutes early)

Summary & Learning Objectives: The group will view the documentary film “To Err is Human”.

About the Film: Medical mistakes lead to as many as 440,000 preventable deaths every year, making it the #3 leading cause of death in the United States. To Err Is Human is an in-depth documentary about this silent epidemic and those working quietly behind the scenes to fix it. We created this film to showcase solutions that are easy to implement and would dramatically improve the quality of healthcare immediately.

While access to care is a vital flashpoint in America right now, it is equally important to ensure the quality of that care is improving, and not actually causing unnecessary harm or death. The documentary focuses on the idea of a new culture of safety in medicine through the efforts of a select few who believe the system can improve by first acknowledging its imperfections.

Event Details:

Free self-parking is available. Please car pool if possible. Certificate of attendance will be provided following the event and completion of evaluation tool.
