Likelihood to Recommend

Recommendations:

- Allow participants to select their own discussion topics and extend time for panel and group conversations to enhance networking and engagement.
- Group participants who need to leave early at the same table to minimize disruptions.
- Include a brief break between speakers to maintain engagement and comfort.
- Provide specific shadowing opportunities by listing actual sites and contact information.
- Participants found the session highly valuable and generated meaningful connections; however, additional time would have allowed for deeper discussion.

Comments:

- Thank you for hosting such a wonderful event. I walked away with as many important community connections in a single day as I could have built in a month of outreach.
- I had the pleasure of meeting great people and gaining insight into the successes and challenges experienced by others at my table.
- I appreciate the opportunity to continue learning and to build professional connections.
- The event was highly informative and provided valuable insights applicable to multiple roles I hold within my organization.
- I thoroughly enjoyed the event and am grateful for the exposure to such a wide range of resources.
- Thank you again for organizing this event; it remains one of my favorites.
- Yesterday's event was among the most useful I have attended in recent years. It was incredible to bring together diverse stakeholders to explore ways to support and collaborate effectively.
